**BOYS & GIRLS CLUBS**  
OF GARDEN GROVE

The Boys & Girls Clubs of Garden Grove is a proud member of Boys & Girls Clubs of America, which serves more than 4.4 million children at over 3,700 club locations in the United States and abroad.

We make the difference from  
**Diapers to Diplomas**

We provide much more than quality supervision at an affordable cost; character-building, education, and enrichment opportunities are recurrent themes in all of our core programs. Orange County (central O.C., specifically) leads the nation in the need for care for children, as dictated by the high cost of housing, the large percentage of single-parent families, and the increasing number of immigrant families. Boys & Girls Clubs of Garden Grove is a leading advocate for quality programs to meet this critical need.

**WE LISTEN. WE ACT. WE CARE.**

**Providing 60 Program Sites**

We offer services at 5 Club sites serving school-age children and teens, 49 school-based programs, the 1st on-site high school program in the nation, Family Campus Pre-School, Family & Youth Outreach Program, REACH for Literacy, Truancy Reduction Center, and ARCHES (Access to Resources for Children's Health, Education, and Support.) Our Clubs and Programs provide services for over 3,000 children and their families daily.

We realize that our role is important in today's world, because families truly depend on us to take an active part in their children's lives. This means that in addition to offering arts and crafts, cooking and sports, we must teach socialization and living skills in a **POSITIVE & SAFE ENVIRONMENT** and provide academic support to assure success in school and in life.

**CHARACTER & LEADERSHIP**

These programs help youth become responsible, caring citizens and acquire skills for participating in the democratic process. They also provide opportunities for planning, and decision-making.

**EDUCATION & CAREER DEVELOPMENT**

These programs help youth create aspirations for the future, providing opportunities for career exploration and educational enhancement.

**HEALTH & LIFE SKILLS**

Programs in this area develop in young people the capacity to engage in positive behaviors that nurture their own well-being, set personal goals, and live successfully as self-sufficient, competent adults.

**THE ARTS**

These initiatives help young people enhance self-expression and creativity, develop multicultural appreciation, provide exposure to and develop skills in crafts and visual, performing and literary arts.

**SPORTS, FITNESS & RECREATION**

These programs help develop fitness, a positive use of leisure time, reduction of stress, appreciation for the environment, and social and interpersonal skills.
